Our "Map of this landscape" program will be held on a new date, Wednesday, February 24, 2021, from 6 p.m. This time, on the anniversary of the reichstag's torch, we are waiting for you for a walk in Berlin. In the course of the program, among other things, we will show the german legislature building, the prominent buildings of the former Nazi government quarter, the former headquarters of the Gestapo, the monuments of the Aktion T4 and the Holocaust, as well as other interesting places for "walkers" with us. The program is free of charge but subject to registration. Interested parties are kindly asked to indicate their intention to participate by clicking on this link:
